DANCE-A-THON TO BENEFIT MARCH OF DIMES

Continued From Page 1

hosted by Mitch Eggleston, Vic Reynolds, and Donnie Thornhill of WTTX in Appomattox. Last year the Rock-A-Thon was held at three locations -Appomattox County High School Cafeteria, Wilburs, and Kings. The members of the Young Hearts Club will be meeting. Participants are reminded that they don't have to dance or rock the entire sixteen hours, just as long as they tell their sponsors how long they do plan to participate.

Over $2700 was raised last year with these two events and a great deal is hoped to be raised this year with a lot of pledges and support from the community.

Area merchants are providing food and beverages for the dancers and rockers. A great time is in store for all who participate in these two worthwhile events.

Spectators are welcome with a $1.00 donation being asked at the door. Come out and see the young and the "not so young" join together in this cause to help win the ever growing battle against birth defects.

If there are any questions please contact Helen Gunter, Donna Mitchell, Rita Reynolds, Shelby Dunnam, or Pam Taylor.

TORCH GROUP VISITS MEDICAL CARE CENTER

The Torch Group of the United Methodist Women of Trinity United Methodist Church visited patients on the 3rd floor at Medical Care Center in Lynchburg on Monday night of this week.

They carried Halloween favors, sang and visited with the patients.

In keeping with the season, Mrs. Sally Martin dressed as a Halloween "witch" and Mrs. Penny Jordan dressed as a pumpkin in costumes they made.

The patients really appreciate visits from church groups, organizations, and friends. Why not plan to make a visit up to see these shut-ins.

VERA CHURCH OF GOD TO HAVE GOSPEL SING

The Vera Church of God, located 6 miles East of Appomattox on Route 24, is having a gospel sing on Saturday, November 5, 1977, featuring The Fellowship Four and Jackie.

The Blueridge Trio and The Bryant Trio also will be singing along with other local church singers.

Everyone is invited to come out and hear some of the very best in gospel singing. The ladies auxiliary will be selling hot dogs, pie, homemade soup, drinks, and other goodies after the singing. They want to raise money for the building fund, so come on out and get the spiritual man fed from the singing and then get the natural man fed from the hot dogs, pie and all that other good stuff.

OAKVILLE 4-H

The Oakville Community 4-H met at the Oakville School on October 18, 1977. The President called the meeting to order by standing and saying the pledge allegiance to the flag and the 4-H pledge. There were 11 members present. The President told the club about Share-the-Fun. Then we elected officers for the year. They are: President - Willis Fleshman; Vice President - John Lambert; Secretary - Gregg Franklin; Treasurer - Ernest Humbles, Jr.; Reporter - Paul Humbles. The President said something about the Va. Tech football game. We will have refreshments served by our adult leaders at the next meeting on November 15, 1977. The meeting was then adjourned.

LUCKY WINNER!

LaCasa Grande, located on Confederate Blvd., held their Grand Opening on Saturday, November 15, 1977. A drawing for the grand prize was held at 7 p.m. that evening and Mrs. Frank Ramsey, right, of Pamplin, was the winner of a car-shaped radio. Shown presenting Mrs. Ramsey with her prize is Marie Hickey, left, a manager of the newly opened business.

It was decided to keep the same officers for another year and to make the following contributions on the Department level:

1. $75.00 Gift Shop (The Auxiliary makes gifts available to needy veterans to choose without cost at Christmas for their families) 2. $10.00 Entertainment of Veterans. 3. $10.00 Emergency Travel fund. 4. $10.00 Child Welfare. 5. $25.00 Patrick Henry Boy's Plantation.

The auxiliary is an organization of wives, sisters, mothers, and daughters of the American Legion members or deceased Veterans whose sole purpose is to help the Legion in its projects and to assist veterans and their families when the need arises.

The next meeting will be November 3 at the home of Mrs. Clifford Harvey. All eligible women are invited to attend and join the group.

AMERICAN LEGION AUXILIARY UNIT 104 MET

American Legion Auxiliary, Unit 104 met at 7:30 p.m. on October 17 in the American Legion Building, with Mrs. Ivey Holland, president presiding.

Mrs. Holland welcomed both the old and new members and reviewed some of the activities of the past year. This included sponsoring a girl to Virginia Girls' State and the awarding of the American Legion School award to two outstanding Seniors of Appomattox County High School. Mrs. H. W. Babcock, Director of Social Services, Appomattox County, stated that the unit contributed $30.00 for the transportation of a veteran's child to Richmond for treatment when funds were not available from other sources.

ASCS Today

By Tom Conrad

The U. S. Department of Agriculture (USDA) has called for comments concerning determinations the Secretary of Agriculture proposes to make for the 1978 crop wheat. Several program intentions have been outlined; the set-aside, target price and loan rate provisions detailed in that release went into effect September 29 with enactment of the Food and Agriculture Act of 1977.

The determinations the Secretary will consider include:

- National Program Acreage: the U. S. Department of Agriculture (USDA) is currently estimating wheat demand for the 1978-crop marketing year at 815 million bushels for domestic use and 1,000 million bushels for export. Based on these estimates, less imports of two million bushels, divided by a proposed National weighted average farm program payment yield of 30.9 bushels the preliminary National program acreage would be 58.7 million acres. The National program acreage will be subject to revision as more information becomes available on expected utilization and establishment of farm program yields. The Department does not propose to adjust the National program acreage because of excessive carryover stocks.

- Program allocation factor; this decision cannot be made until after the 1978-crop plantings have been determined. The Department proposes to make this determination following the August 1978 crop plantings have been determined. The Department proposes to make this determination following the August 1978 crop production report.

- Whether there should be a set-aside requirement and if so, the extent of such requirement; USDA Press Release 2444-77 announced the Department's intention for a 20 percent set-aside on the 1978 crop of wheat.

Whether there should be provisions for land diversion payments and if so, the extent of such diversion and the payment therefor; the Department proposes not to authorize land diversion payments under the 1978 program.

- Whether there should be a limitation on planted acreage and if so, the extent of such limitation, the Department proposes not to place a limitation on the planted acreage of wheat for the 1978 program.

On August 29 USDA announced the following 1978 wheat program intentions:

The target price will be $3.00 per bushel if 1978 production is above 1,800 million bushels, or $3.05 if production is below 1,800 million bushels.

The 1978 loan rate will remain at $2.25 per bushel unless the average market price for wheat during the 1977 marketing year is more than 105 percent of the loan level of $2.25, in which case the 1978 loan rate will be increased to $2.35 per bushel.

If a producer voluntarily reduces his 1978 wheat acreage planted for harvest as grain from that planted in 1977 by at least 20 percent, he will be guaranteed target price protection on the normal production from the entire acreage and will qualify for the loan program on all he produces. Those who participate in the set-aside program but do not reduce plantings by at least 20 percent will be assured target price protection on not less than 80 percent of the acreage they planted for harvest as grain and will qualify for the loan program. Those who decide not to participate in the set-aside program will not be eligible for target price payments or loans.

The Department has proposed the following types of land eligible to be set aside and the care and use that shall apply:

- Land set aside must normally have been tilled in one of the last three years.

- Excluded is land in orchards and vineyards, strips in skiprow planting patterns and other areas of small size or abnormal shape.

- Vegetative cover must be established on the set-aside acreage. The cover shall consist of small grians (not allowed to mature), or annual, biennial or perennial grasses or legumes.

- No harvesting or grazing will be permitted on the set-aside acreage (except in emergency situations).

Prior to formulating the proposals, USDA consulted with representatives of major wildlife and farm organizations in order that several alternatives could be considered in meeting the intent of the Farm Bill.

The Department also announced the crops it plans to include in each farm's normal crop acreage. These are: Barley, corn, dry edible beans, flax, oats, rice, rye, sorghum, soybeans, sugarbeets, sugarcane, sunflowers, upland cotton and wheat. Other crops recommended by State Agricultural Stabilization and Conservation (ASC) committee and approved by USDA may be added.

A farm's normal crop acreage will be the total number of acres of the above crops planted for harvest in 1977. In the 1978 set-aside program, a farmer's planted acreage plus the acres set aside cannot exceed the normal crop acreage.

The Department is preparing an environmental impact statement on the 1978 wheat program which will be released soon.

Written comments should be sent to the Acting Director, Production Adjustment Division, Agricultural Stabilization and Conservation Service, USDA, Room 3630 South Building, P. O. Box 2415, Washington, D. C. 20013. Comments, in order to be considered, must be received no later than Nov. 14. The comments will be made available for public inspection at the office of the Acting Director during regular business hours, 8:15 a.m. to 4:45 p.m.
